OFFICE OF PLANNING AND INSTITUTIONAL RESEARCH  
INFORMATION TECHNOLOGY  
(305) 284-FACT

## **To Our Readers:**

The information presented in the Fall Fact Book represents the most current benchmark data available. Please note that students who have not completed financial registration by the benchmark date will not appear in the enrollment counts. Copies of this Fact Book have been mailed to deans, associate/assistant deans, department chairs, and other senior administrators. Fact Books are posted online ([www.miami.edu/factbook](http://www.miami.edu/factbook); call 305-284-3856 for a password) and are also available in the Richter Library's Special Collection's Division.

## GLOSSARY

**Academic Year** - Fall and spring semesters and subsequent first and second summer sessions.

**CIP Codes** - The Classification of Instructional Programs developed by the National Center for Education Statistics "to create a standard terminology to guide the reporting of data."

**Degree Program** - An academic program leading to a degree.

**Degree Student** - One enrolled in a degree program.

**DUG** - Degree undergraduate (student).

**Entering Students** - Includes new freshmen, new transfers, and readmitted students.

**FTE** - Full-time equivalent. For a full-time student, the FTE is equal to 1.0. For a part-time student, the FTE is equal to the student's credit load divided by his/her appropriate full-time load (see below).

**Full-Time Load** - For fall and spring semesters: a minimum of 10 semester hours for RNU students, 12 semester hours for other undergraduates, 9 for graduate students, 10 for evening J.D. students, 12 for day J.D. students, and 12 for LL.M. students. All clinical medical students are considered full-time. A doctoral student taking any dissertation credit is considered full-time, regardless of the number of dissertation hours taken.

**Graduate (Programs)** - All post-baccalaureate work, except law school and clinical medicine.

**Headcount** - The number of financially registered students, as of benchmark, regardless of their individual credit load.

**International Programs** - Courses taught outside the U.S. under the auspices of the University of Miami.

**NDUG** - Non-degree undergraduate (student).

**New Freshman** - A matriculating degree undergraduate without prior college experience. (See the current University of Miami Bulletin for minor exceptions concerning prior experience.)

**New Transfer** - A matriculating degree undergraduate with prior college experience.

**Part-Time Load** - Any semester credit-hour load less than full-time.

**Professional (Programs)** - Law and clinical medicine.

**Readmitted Student** - One who returns to UM after an absence of at least one semester (excluding summer sessions).

**Regular Credit Hours** - Credits assessed at regular tuition rates.

**Rosenstiel School** - Rosenstiel School of Marine and Atmospheric Science.

**Special Credit Hours** - Credits not assessed at a regular tuition rate or credits where revenue requires special handling.

**Special & Joint Programs** - Includes joint-degree and study-abroad programs (non-UM students studying abroad and foreign students studying at UM through the Office of International Education and Exchange Programs).

## THE UNIVERSITY OF MIAMI MISSION STATEMENT

The University of Miami exists that human knowledge be treasured, preserved, expanded and disseminated and that the human mind, body and spirit be nurtured and strengthened through learning.

The University is committed to meet these great obligations:

That its students learn well, guided, stimulated and helped by scholarly, dedicated teachers so that each may grow according to his or her own talents;

That its students broaden and deepen their knowledge of life, thought and values, encouraged to understand what has gone before, to wonder what may yet come, and to dream;

That its undergraduate study include rigorous, disciplined exploration of the accumulated core of human knowledge, and that graduate and professional study include mastery of that mix of knowledge, expertise and skills that provides the foundation for effective, ethical service to others;

That there be fostered respect for the differences among people, the nurturing of curiosity, the insistence upon high standards of thought, study, communication and the skills that should characterize the educated person;

That its graduates be broadly educated men and women, prepared to bear that special responsibility in a free, pluralistic society of those privileged to have a higher education;

That society be served through the illumination, elevation and enrichment of human life by knowledge, increased through research, scholarship, creativity, invention and independent judgment;

That the University play a leading role especially in those fields of knowledge related to its unique setting—such as location in the sub-tropics, proximity to the ocean and the Caribbean Sea and to other nations and peoples;

That knowledge be disseminated;

That the University firmly maintain its independence; that there be, and be defended, an atmosphere of tolerance and the freedom to explore, to question, to argue, to create, to accept or reject;

That the very existence of a major, research-oriented, independent university strengthen the intellectual, cultural and economic life of the communities of South Florida and the world;

That all people be welcome as seekers—students, teachers, scholars and all who serve the University—regardless of sex, race, nationality, handicap or creed.

## AN INTRODUCTION TO THE UNIVERSITY OF MIAMI

### Overview and History:

Although many individuals, over a period of years, played a role in the establishment of the University of Miami, it was William Jennings Bryan who first promoted the need and stimulated a community planning effort for a university to serve the growing Miami area. In 1925 the University received its charter, and in the following year enrolled its first students. On March 18, 1926, Bowman Foster Ashe was named executive secretary and subsequently president of the University by the Board of Regents.

The cornerstone of the Merrick Building, which was to house classrooms and administrative offices, was laid on February 4, 1926, on land donated by George E. Merrick, founder of Coral Gables. Merrick also donated \$5 million to be matched by other sources. When Merrick's donation could not be matched, the work that had begun on the Merrick Building ceased and a decision was made to convert the partially constructed Anastasia Hotel into temporary quarters for the University. In the rush to finish the Anastasia Building before the announced opening of the University in October, cardboard-covered partitions were used to separate rooms, leading to the name "Cardboard College." Construction on the Merrick Building would not resume until 1949, 23 years after it was started.

In September, just before the first classes were to begin, the monster hurricane of 1926 swept through South Florida causing destruction that left the University further in debt. In spite of tremendous adversity, the University managed to open its doors on October 15, 1926, offering programs in the liberal arts and music to 560 students. The School of Law was added in 1928 and the Schools of Business and Education were created in 1929.

The Florida depression that followed the collapse of the real estate market and the national depression that started in 1929 added further financial burdens that brought the survival of the University into question. President Ashe had to resort to borrowing on his personal insurance policy to pay faculty salaries. Still in debt, the University filed a petition for bankruptcy in 1932. Determined to keep the University going, President Ashe and others formed a new corporation, The University of Miami, Inc., and in 1934, at an auction, bought back the University's property for \$15,758.84.

The 1940's was a time of great change at the University. During World War II, President Ashe arranged to have university facilities available for training U.S. Army and British Royal Air Force personnel. In addition, the war gave the University reason to expand its facilities. The Graduate School was created in 1941 and the Marine Laboratory was formally established in 1943. In 1947, shortly after the war ended, the School of Engineering was founded, and the University began the excavation of Lake Osceola.

Growth continued at the University in the fifties. The School of Medicine, the first in the state of Florida, was founded in March of 1952. After President Ashe fell ill and subsequently died in December of 1952, Jay F. W. Pearson was named the second president of UM in January of 1953. President Pearson served in that capacity until 1962. During his tenure, the first computer on the UM campus was installed in the Engineering Building and the Board of Trustees removed all racial barriers from admissions policies.

Henry King Stanford became the University's third president on April 18, 1962. The Department of Nursing, which originated as a department in the College of Arts and Sciences, became the School of Nursing in 1968. Also in 1968, with a gift from The Rosenstiel Foundation, the University obtained a deed for 9.7 acres of land on Virginia Key. Shortly after these events, in 1969, the Institute of Marine Science (formerly the Marine Laboratory) became a school, and several months later was renamed the Rosenstiel School of Marine and Atmospheric Science. Although continuing education classes had been offered since 1926, the University formally founded the School of Continuing Studies in 1974.

Edward T. Foote was inaugurated as the University's fourth president in 1981. President Foote has continued the tradition of growth that has marked the history of the University. Three additional schools were founded in the eighties: Architecture (1983), the Graduate School of International Studies (1983), and

the School of Communication (1985). In 1997, the Graduate School of International Studies began offering undergraduate degree programs, was reorganized to include the Department of Geography and Regional Studies, and was renamed the School of International Studies. On June 1, 2001, President Foote became the University's first Chancellor, in which capacity he will serve until 2003.

With the appointment of former President Foote as Chancellor, Donna E. Shalala became the University's fifth president. President Shalala has served with distinction in both higher education and in government posts—most recently as U.S. Secretary of Health and Human Services. At the time of her inauguration, the University celebrated its 75<sup>th</sup> anniversary.

### **Overview:**

Today, the University's 13 colleges and schools offer approximately 180 undergraduate, 130 master's, 60 doctoral, and two professional areas of study, including specializations.

### **Campuses:**

Five UM campuses incorporate 162 University-owned buildings totaling over five million square feet on over 500 acres of land.

*Coral Gables:* The Coral Gables campus, which comprises two colleges and nine schools, is located on a 260-acre tract in suburban Coral Gables. It has 100 buildings occupying just over three million square feet. In 1999-2000, six buildings were demolished to make room for the Ryder Convocation Center which will add 194,000 square feet of space once completed.

*Medical Campus:* The University of Miami School of Medicine campus consists of 31 acres within the 76-acre University of Miami/Jackson Memorial Medical Center complex. Other facilities at the medical center, in addition to Jackson Memorial Hospital, include the Miami Veterans Affairs Medical Center and two University-owned hospitals—the University of Miami Hospital and Clinics/Sylvester Comprehensive Cancer Center and the Bascom Palmer Eye Institute/Anne Bates Leach Eye Hospital. Dedication of the Lois Pope LIFE Center in fall 2000 and the Batchelor Children's Research Institute in spring 2001 in the Schoninger Research Quadrangle marked major contributions to the research facilities at the medical campus. School of Medicine faculty currently conduct more than 1,200 research projects aimed at advances in basic science and clinical care in facilities totaling more than 1.9 million square feet of owned and leased space.

*Rosenstiel School Campus:* The Rosenstiel School of Marine and Atmospheric Science is located on a 16-acre waterfront campus on Virginia Key in Biscayne Bay. The campus is part of a 65-acre marine research and education park that includes two U.S. Department of Commerce National Oceanic and Atmospheric Administration research laboratories and the MAST Academy, the Miami-Dade County magnet high school for marine science and technology. The Rosenstiel School is one of the top five marine and atmospheric research and graduate education programs in the U.S. The School also oversees the operation of an archeological field research and education facility on 120 acres at Little Salt Springs, located in North Port, Florida.

*South Campus:* The south campus, located ten miles southwest of Coral Gables, opened in 1986 on a 106-acre site. Its six buildings provide 59,100 square feet for the purpose of conducting research and development projects. In 1997 an additional 30 acres were acquired bringing the total area of the south campus to 136 acres.

*Richmond Campus:* The Richmond campus, established in 2001, is a 78-acre site near south campus. Research facilities for the Rosenstiel School's Center for Southeastern Tropical Advanced Remote Sensing (CSTARS) and Richmond Satellite Operations Center (RSOC) are located on a portion of the new campus.

*Other Facilities:* The City of Miami/University of Miami James L. Knight International Conference Center adjoining the 615-room Hyatt Regency Hotel in downtown Miami houses a 5,000-seat convention hall, two auditoriums, 14 meeting rooms, three computer labs, and teleconference and downlink capabilities. The John J. Koubek Memorial Center located near the heart of Little Havana in Miami includes the historic Koubek mansion, with a seven-classroom annex, computer lab, and a 200-seat auditorium. The University owns a total of six buildings, occupying 39,700 square feet, at locations other than the five campuses.

**Presidents:**

Bowman Foster Ashe	(1926-1952)
Jay F.W. Pearson	(1953-1962)
Henry King Stanford	(1962-1981)
Edward T. Foote II	(1981-2001)
Donna E. Shalala	(2001- )

**Accreditation:**

Institutional membership is maintained with the Commission on Colleges of the Southern Association of Colleges and Schools. In addition, the University of Miami holds accreditation from 21 other professional agencies that recognize specific programs:

- Accreditation Board for Engineering and Technology
- Accrediting Commission on Education for Health Services Administration
- Accrediting Council on Education in Journalism and Mass Communications
- American Assembly of Collegiate Schools of Business - International Association for Management Education
- American Association of Museums
- American Association of Museum Directors
- American Bar Association
- American Chemical Society
- American College of Nurse-Midwives
- American Medical Association Council on Medical Education and Association of American Medical Colleges, Liaison Committee on Medical Education
- American Physical Therapy Association
- American Psychological Association
- Association of American Law Schools
- Commission on English Language Program Accreditation
- Council on Education for Public Health
- Florida State Board of Nursing
- National Architectural Accrediting Board, Inc.
- National Association for Music Therapy
- National Association of Schools of Music
- National Council for Accreditation of Teacher Education
- National League for Nursing

**Faculty and Academic Life:**

Of the full-time regular faculty, 95 percent hold a doctorate or other terminal degree; of the full-time tenure-track faculty who are eligible for tenure, 79 percent are tenured. The student-to-faculty ratio is approximately 13 to 1. Over 50 percent of classes for degree undergraduates have 16 or fewer students; over 75 percent have 26 or fewer students.

### **Freshman Dual Honors Programs:**

Selected freshmen are guaranteed admission to one of UM's graduate or professional schools in the following areas of study: biomedical engineering, Latin American studies, marine geology, medicine, and physical therapy.

### **New Freshman Standings:**

Over one in three new freshmen graduated in the top 5% of their high school class. Over half graduated in the top 10% of their high school class.

### **Honors Program and Honors Societies:**

Approximately 1,609 students participate in the Honors Program. The following 51 academic honor societies have chapters at the University:

Alpha Delta Sigma (Advertising)	Phi Beta Kappa (General Scholarship)
Alpha Epsilon Delta (Biology)	Phi Eta Sigma (Freshmen General Scholarship)
Alpha Epsilon Lambda (General Scholarship)	Phi Kappa Phi (General Scholarship)
Alpha Epsilon Rho (Broadcasting)	Phi Lambda Epsilon (Graduate Chemistry)
Alpha Kappa Delta (Sociology)	Phi Lambda Pi (General Scholarship)
Alpha Kappa Psi (Business)	Phi Lambda Upsilon (Chemistry)
Alpha Lambda Delta (Freshman General Scholarship)	Phi Sigma Tau (Philosophy)
Alpha Omega Alpha (Medicine)	Pi Delta Phi (French)
Alpha Pi Mu (Industrial Engineering)	Pi Kappa Lambda (Music and Music Education)
Alpha Rho Chi (Architecture)	Pi Sigma Alpha (Politics and Public Affairs)
Beta Alpha Psi (Accounting)	Pi Tau Sigma (Mechanical Engineering)
Beta Beta Beta (Biology)	Psi Chi (Psychology)
Beta Gamma Sigma (Business)	Rho Lambda (Leadership)
Chi Epsilon (Civil Engineering)	Rho Rho Rho (Marine Science)
Eta Kappa Nu (Electrical/Computer Engineering)	Sigma Alpha Iota (Music)
Golden Key National Honor Society (General Scholarship)	Sigma Delta Pi (Spanish)
Honors Students' Association (General Scholarship)	Sigma Gamma Epsilon (Geological Sciences)
Iron Arrow (General Scholarship/Leadership)	Sigma Pi Sigma (Physics)
Mortar Board (General Scholarship/Leadership)	Sigma Tau Delta (International English)
Omicron Delta Epsilon (Economics)	Sigma Theta Tau (Nursing)
Omicron Delta Kappa (General Scholarship/Leadership)	Tau Beta Pi (Engineering)
Order of Omega (Leadership)	Tau Beta Sigma (Music)
Order of the Coif (Law)	Tau Sigma Delta (Architecture)
Phi Alpha Delta (Pre-Legal)	Theta Alpha Kappa (Religious Studies)
Phi Alpha Epsilon (Architectural Engineering)	
Phi Alpha Theta (History)	
Phi Beta Delta (International Scholarship)	

### **International Education and Exchange Programs:**

60 programs are offered in 25 countries on a full academic year, semester, or summer basis.

### **Graduate School Plans:**

Of the May 2001 graduating seniors, 41% reported plans to attend graduate school the following fall.

**Alumni:**

UM alumni live in all 50 states and in 148 foreign countries; over 64,000 reside in Florida, including approximately 37,000 in Miami-Dade County. There are just under 141,000 alumni in UM's history.

**Sports:**

The Hurricanes compete in Division I of the National Collegiate Athletic Association with eight men's and ten women's sports. In 1991, UM became a member of the Big East Conference.

Men's competition includes baseball (1982, 1985, 1999, 2001 NCAA champions), basketball (1999-2000 Big East regular season champions), cross country, football (1983, 1987, 1989, 1991, 2001 NCAA champions; 1991-92, 1994-96, 2000, 2001 Big East titles), swimming and diving (1973, 1974, 1976, 1979-83, 1991-95, 1997-2001 NCAA individual champions; 1995 Big East team champions; 1996-2001 Big East individual champions), tennis (1943-45, 1987 NCAA singles champions; 1945 and 1970 NCAA doubles champions; 1993-95, 1997-98, 2000-01 Big East team champions; 1993, 1994 Big East singles champions; 1991, 1993, 1994 Big East doubles champions), indoor track and field (1998 NCAA individual champion; 1993-2000 Big East individual champions), and outdoor track and field (1996 NCAA individual champion; 1992-2001 Big East individual champions).

Women's competition includes basketball (1991, 1992 Big East champions), crew, cross country, golf (1970, 1972, 1977, 1978, 1984 national team champions; 1959, 1965, 1972, 1983 national individual champions), soccer, swimming and diving (1975, 1976 national team champions; 1974-78, 1989, 1999-2000 national individual champions; 1994, 1996-2001 individual Big East champions), tennis (1977, 1986 national doubles champions; 1991-93, 1995, 1998, 2000 Big East team champions; 1991, 1993 Big East singles champions; 1991, 1992 Big East doubles champions), indoor track and field (1992, 1995 NCAA individual champions; 1992, 1995-2001 Big East individual champions), outdoor track and field (1993-95, 1999 NCAA individual champions, 1998-1999, 2001 Big East team champions; 1993-2001 Big East individual champions), and volleyball.

**Computing Facilities:**

The Ungar Computing Center (central facility) is equipped with an IBM 9672-RB6 Enterprise Server, an IBM AS/400-820, an IBM RS/6000-580, an IBM RS/6000-F20, an IBM AS/400-B20, a DEC VMS cluster with 2 DEC 4100 systems, a DEC 4100, and a DEC 1000A. There are over 60 computer labs located in the residential colleges, libraries, schools, and colleges. The university has a campus network, including network connections in each dorm room, with a gateway to national and international networks, Internet, and Internet2. The University has deployed a wireless network on all three main campuses that complements its extensive wired network.

**Development:**

Throughout its 76-year history, the University has relied on the philanthropic support of alumni, friends, corporations, and foundations. In FY 02 contributions reached \$86.2 million in private cash, gifts and grants. In FY 01, the University ranked 44th among national research institutions in this category.

**Budget:**

The budget for 2002-03 is \$1.2 billion, with \$686.8 million projected for the medical campus. At the end of the FY 02 the endowment market value was \$427.0 million.

## **Degree Programs:**

Bachelor of Architecture (B.Arch.)  
Bachelor of Arts (A.B.)  
Bachelor of Arts in International Studies (B.A.I.S.)  
Bachelor of Arts in Music (B.A.M.)  
Bachelor of Business Administration (B.B.A.)  
Bachelor of Fine Arts (B.F.A.)  
Bachelor of General Studies (B.G.S.)  
Bachelor of Health Science (B.H.S.)  
Bachelor of Liberal Arts (B.L.A.)  
Bachelor of Music (B.M.)  
Bachelor of Science (B.S.)  
Bachelor of Science in Architectural Engineering (B.S.A.E.)  
Bachelor of Science in Biomedical Engineering (B.S.B.E.)  
Bachelor of Science in Civil Engineering (B.S.C.E.)  
Bachelor of Science in Communication (B.S.C.)  
Bachelor of Science in Computer Engineering (B.S.Cp.E.)  
Bachelor of Science in Education (B.S.Ed.)  
Bachelor of Science in Electrical Engineering (B.S.E.E.)  
Bachelor of Science in Engineering Science (B.S.E.S.)  
Bachelor of Science in Environmental Engineering (B.S.En.E.)  
Bachelor of Science in Industrial Engineering (B.S.I.E.)  
Bachelor of Science in Information Technology (B.S.I.T.)  
Bachelor of Science in Mechanical Engineering (B.S.M.E.)  
Bachelor of Science in Nursing (B.S.N.)  
Bachelor of Science in Systems Analysis (B.S.S.A.)

Master of Architecture (M.Arch.)  
Master of Architecture in Computing (M.A.C.)  
Master of Architecture in Suburb and Town Design (M.A.S.T.)  
Master of Arts (M.A.)  
Master of Arts in Liberal Studies (M.A.L.S.)  
Master of Business Administration (M.B.A.)  
Master of Fine Arts (M.F.A.)  
Master of Laws (LL.M.)  
Master of Music (M.M.)  
Master of Professional Accounting (M.P.Acc.)  
Master of Public Administration (M.P.A.)  
Master of Public Health (M.P.H.)  
Master of Science (M.S.)  
Master of Science in Architectural Engineering (M.S.A.E.)  
Master of Science in Biomedical Engineering (M.S.B.E.)  
Master of Science in Civil Engineering (M.S.C.E.)  
Master of Science in Education (M.S.Ed.)  
Master of Science in Electrical and Computer Engineering (M.S.E.C.E.)  
Master of Science in Industrial Engineering (M.S.I.E.)  
Master of Science in Mechanical Engineering (M.S.M.E.)  
Master of Science in Music Engineering Technology (M.S.M.E.T.)  
Master of Science in Nursing (M.S.N.)  
Master of Science in Physical Therapy (M.S.P.T.)  
Master of Science in Professional Management (M.S.P.M.)  
Master of Science in Taxation (M.S.Tax.)

Specialist in Education (Ed.S.)  
Specialist in Music Education (M.Spec.)

Doctor of Arts (D.A.)  
Doctor of Education (Ed.D.)  
Doctor of Medicine (M.D.)  
Doctor of Musical Arts (D.M.A.)  
Doctor of Philosophy (Ph.D.)  
Doctor of Philosophy/Doctor of Medicine (Ph.D./M.D.)  
Juris Doctor (J.D.)

### **Schools and Colleges:**

*School of Architecture:* The School of Architecture, founded in 1983, offers professionally accredited undergraduate and graduate degrees, with specializations in suburb and town design, computing, and research. Facilities at the School include studio workspace for each student, an architecture reference library linked to university-wide resources, a model shop, a slide library, a computer laboratory, the Center for Urban and Community Design, and the Knight Center for Community Building. Almost half of enrolled students participate in study-abroad programs in Europe, Asia, the Caribbean Basin, and Latin America. The School's full-time faculty are complemented by part-time teachers drawn from the professional architecture community and by visiting critics and lecturers from around the world. Among the faculty are founders and participants in the Congress for the New Urbanism, a national movement of urban reform and community design. The faculty includes Distinguished Visiting Professor Vincent Scully, the 1995 Jefferson Lecturer for the National Council on the Humanities; Catherine Lynn, renowned for her work in historic preservation; and Samina Quraeshi, the Luce Professor in Family and Community, shared with the School of Medicine. The School's faculty and students have earned numerous honors and accolades for excellence in design including, in 2000, selection of their work for The Other Modern, an international architecture exhibition in Bologna, and in 2002 an Award of Excellence from the Florida American Planning Association for the Coral Gables Charrette. Architect and town planner Elizabeth Plater-Zyberk, a UM faculty member since 1979, is the dean.

*College of Arts and Sciences:* Founded at the University's inception in 1926 and housed in 24 buildings throughout the Coral Gables campus and parts of the medical campus, the College of Arts and Sciences enrolls over 3,800 undergraduate and over 575 graduate students in 19 departments and 11 interdisciplinary programs. Thirteen departments also offer graduate degrees in disciplines such as the arts, natural sciences, humanities, and social sciences. Several of the majors available to undergraduates in the College are offered in partnership with almost every other school at the University. These majors include political science and economics, offered in cooperation with the School of Business, microbiology and biochemistry with the School of Medicine, and musical theatre with the School of Music. Numerous marine-science-related majors are offered in partnership with the Rosenstiel School of Marine and Atmospheric Science. Degrees offered by the School of Communication and the School of Education require a second major from among those offered by the College of Arts and Sciences. Selected freshmen participate in the College's guaranteed admissions programs to one of the University's graduate degree programs in medicine, physical therapy, marine geology, and Latin American studies. The faculty of the College teach approximately 53 percent of the total credit hours offered by the undergraduate schools and colleges of the University of Miami. Among the over 380 full-time faculty—who teach courses to all undergraduate students at the University—are award winning teachers and research scholars, recognized nationally and internationally in their disciplines. These include editors of prominent journals, Fellows of the American Physical Society, the Founding President of the International Society of Clinical Psychology, award winning poets and creative writers, and members of important government advisory boards. The College also provides arranged community outreach activities, such as student productions at the Jerry Herman Ring Theatre and Alvin Sherman Family Stage; student, faculty, and visiting artist exhibitions in the New Gallery; and tours highlighting the tropical beauty of the Gifford Arboretum.

*School of Business:* The School of Business Administration was founded in 1929 and is accredited by the American Assembly of Collegiate Schools of Business. The School offers degrees at the bachelor's, master's and doctoral levels. Due to the university's position in an international community, the economics and political science departments are part of the School of Business. The Executive M.B.A. program, the

largest of its kind in the United States, is offering Saturday programs both on and off campus and is now in its 29<sup>th</sup> year. The School's mission, approved in 1993 by the School Council, is to "provide an environment in which the creation and dissemination of business knowledge can flourish." Building on its competitive advantages, the School is rapidly evolving as the premier business school in the Southeast.

*Communication:* The School of Communication, founded in 1985, is one of the fastest growing schools at the University of Miami, with a current enrollment of approximately 1,200 undergraduates and 135 graduate students and a full-time faculty of over 40 scholars and professionals. Major programs of study in the School include broadcasting and broadcast journalism, print journalism and photography, advertising, public relations, motion pictures and video-film, media management, and communication. Its broad range of student facilities and activities include a sound stage, cable television studios, an FM radio station, an award-winning twice-weekly newspaper, motion picture digital editing facilities, computer and graphics labs, a working news bureau, and a nationally recognized debate team. In addition, the School operates its own office of placement, providing excellent opportunities for students to secure professional internships while they are in school and professional positions when they graduate.

*Continuing Studies:* The School of Continuing Studies, founded in 1974, serves as an outreach arm of the University, promoting the research and teaching of the faculty and marketing the resources of the University locally, regionally, nationally, and internationally. The School of Continuing Studies addresses the needs of non-traditional adult students, students from the corporate community, academically gifted high school students, and international students. The Bachelor of General Studies degree is especially designed for working adults. The University's International Education and Exchange Programs, Intensive Language Institute, and Summer Sessions are administered by the School. Contract training and a variety of other special academic and professional certificate programs are offered by the School as well. The School of Continuing Studies is housed in Allen Hall on the Coral Gables campus and is responsible for the operation of two other facilities, the University of Miami Conference Center, located in the James L. Knight International Center in downtown Miami, and the John J. Koubek Memorial Center in Little Havana.

*Education:* The School of Education, founded in 1929, houses the departments of teaching and learning, educational and psychological studies, and exercise and sports sciences. Undergraduate majors and minors are available in elementary, secondary, special, and music education, as well as exercise physiology, athletic training and sports administration. The School also offers master's degrees in the above areas as well as teaching English to speakers of other languages (TESOL). Doctoral programs are also available in the following areas: counseling psychology, exercise physiology, elementary education, reading, special education and teaching English to speakers of other languages (TESOL). Professional development schools and an on-campus technology lab provide students with state-of-the-art facilities. Teacher education courses of study are approved by the State of Florida and accredited by the National Council for Accreditation of Teacher Education.

*College of Engineering:* Founded in 1947, the College of Engineering is one of the largest schools of its kind in a private institution of higher learning. The College's most distinctive feature—interdisciplinary programs of study—is the result of the College's associations with several colleges/schools in the University. Biomedical engineering involves a partnership with the School of Medicine, including a premedical concentration; ocean engineering with the Rosenstiel School of Marine and Atmospheric Science; architectural engineering with the School of Architecture; audio engineering with the School of Music; and industrial engineering with the School of Business Administration. Degrees are offered in architectural, biomedical, civil, computer, electrical, engineering science, environmental, industrial, information technology, and mechanical engineering. Master's and doctoral degrees are also offered in a variety of areas, with numerous concentrations in each field of study. Many of the College's faculty are researchers with world-wide recognition who have helped establish institutes such as the Clean Energy Research Institute and the Miami Center on Human Factors and Aging. Recent highlights include the University of Miami College of Engineering Industrial Assessment Center, the College of Engineering Perry Ellis International Logistics Research Institute, the College of Engineering Manufacturing Research Institute, the College of Engineering Biomechanics Research Group, being named a Department of Energy Center for Hydrogen Research and a National Science Foundation Industry/University Center for

Biosurfaces, along with being ranked 6th in Architectural Engineering and 5th in Manufacturing Engineering in the nation by the Gourman Report. The College of Engineering has 47 laboratories that enhance its studies. In a typical academic year, engineering students come from over 50 countries. The College has 21 honor societies and student engineering organizations associated with areas of specialization and professional engineering organizations.

*Graduate School:* The University of Miami first approved courses for graduate work in 1941. In the late 1950s the University initiated study to award the doctorate, and the first degrees at this level were approved in 1959. Currently, graduate student enrollment stands at approximately 3,320. Programs are fully accredited by the Southern Association of Colleges and Schools, as well as by a number of other independent accrediting agencies. The faculty of the Graduate School currently consists of over 600 members in over 95 departments, divisions, and programs within the University. The Graduate School sets all policies for graduate education and oversees the quality of graduate programs. Its operation is conducted by the Graduate Council and more than 17 standing Graduate Faculty Committees. The mission of the Graduate School is to promote graduate education, scholarship, and research; to support individuals, departments, and programs in the pursuit of excellence; to foster innovation, multidisciplinary, and interdisciplinary activities; and to maintain high ethical and academic standards in graduate studies.

*Law School:* Founded in 1928, the University of Miami School of Law presently enrolls approximately 1,270 candidates for either J.D. or LL.M. degrees and has approximately 15,000 alumni worldwide. The J.D. program enrolls over 1,100 students from more than 300 colleges and universities throughout the United States. Of the entering J.D. students, approximately 53 percent are women, 26 percent are members of minority groups, and 62 percent are from outside Florida. The School offers graduate programs in comparative law, inter-American law, international law, ocean and coastal law, taxation, estate planning, and real property development. The Master of Laws in comparative law program typically enrolls approximately 45 foreign lawyers from 20 or more nations. The School's renowned faculty includes over 60 full-time professors and over 100 distinguished lawyers and judges who serve as adjunct professors. The Law Library is one of the country's leading legal research libraries, with over 500,000 bound volumes and volume equivalents, including an exceptionally strong collection of international and foreign law materials. The School is accredited by the American Bar Association, is a member of the Association of American Law Schools, and has a chapter of the national law student honorary society, the Order of the Coif.

*Medical School:* Though one of the youngest medical schools in the U.S., the University of Miami School of Medicine, founded in 1952, has earned national acclaim for research, clinical care, and biomedical innovations, establishing the University of Miami/Jackson Memorial Medical Center as one of the best in the nation. The school has over 1,100 full-time faculty members and an additional 1,300 professionals from the community serving as voluntary faculty in various departments. Along with the M.D. degree, the school offers two specialized B.S./M.D. programs, a combined M.D./Ph.D. program, graduate degrees in nine areas, and continuing medical education courses.

Located in the Civic Center area, north of downtown Miami, the school's 31-acre campus exists within the 76-acre University of Miami/Jackson Memorial Medical Center complex. Each year the medical school's 680 clinical faculty members treat one million patients in primary care and more than 30 specialties. In addition to the University's two hospitals—University of Miami Hospital and Clinics and Anne Bates Leach Eye Hospital—clinical facilities also are located at Jackson Memorial Hospital, the Miami Veterans' Administration Medical Center, five primary care centers throughout Miami-Dade County, and a half-dozen area hospitals. Other clinical and research programs include the Comprehensive AIDS Program, the Division of Transplantation, the Miami Project to Cure Paralysis, the Mailman Center for Child Development and many more. Also located in the medical complex is the Louis Calder Memorial Library, the largest medical resource library in South Florida.

Fully accredited by the Liaison Committee on Medical Education of the Association of American Medical Colleges, the School of Medicine is committed to graduating first-rate physicians and leads the nation in establishing innovative curriculum and admissions policies. For example, the Community Clinical Experience Program assigns first-year students to provide care at public health clinics, including a

homeless facility. Among the many student activities that reflect the commitment to community service is the Florida Keys Health Fair, providing screening and health care exams for under-served areas of the Florida Keys for more than 30 years. In 1993 the School of Medicine student body received the first-ever Outstanding Community Service Award from the Association of American Medical Colleges, and in 1998 School of Medicine students earned the Health Care Hero Award from the Greater Miami Chamber of Commerce for their volunteer work in the community.

*School of Music:* The School of Music, founded in 1926, is one of the largest schools of its kind in a private institution and one of the most comprehensive in all of higher learning. With over 60 full-time and approximately 40 part-time faculty, an undergraduate student body of approximately 530 students, and 200 graduate students, the School of Music awards the Bachelor of Music degree with majors in 13 areas. The Bachelor of Arts in music degree is a non-professional degree designed for talented musicians who wish to pursue a broad liberal arts education. The Master of Music is offered with majors in 19 areas. The Master of Science degree is offered in music engineering technology. The Doctor of Philosophy degree is offered in music education, and the Doctor of Musical Arts degree is offered in nine areas. The School's facilities include the Maurice Gusman Concert Hall and the L. Austin Weeks Center for Recording and Performance, which contains the Victor E. Clarke Recital Hall. The School of Music maintains two professional state-of-the-art recording studios and five multi-media music labs. Many of the School's faculty have gained national and international recognition in their respective fields. Several of the School's premier performing ensembles have won national awards and engage in touring within and outside the United States. The School has exchange programs with the Amsterdam School for the Arts; the University of Music and Performing Arts in Vienna; Buckinghamshire Chilterns University College in Buckinghamshire, England; the Western Australian Academy of Performing Arts at Edith Cowan University in Perth, Australia; and a five-week summer program in Salzburg, Austria. During the academic year the School presents more than 400 student forums, student and faculty recitals, concerts, lectures, master classes, and guest artist recitals. The School of Music has active student chapters of a number of professional music organizations.

*School of Nursing:* A tradition of academic leadership and community service have characterized nursing at the University of Miami since 1948 when it became the first collegiate nursing program in South Florida. The School of Nursing has demonstrated commitment to academic excellence, the advancement of nursing as a discipline, and service to society through innovative and socially responsive programs of nursing education. All programs emphasize culturally competent nursing, which recognizes an individual's unique health beliefs and practices. The School's leadership in the development of innovative primary care nursing practice models has led to national and international recognition. The School of Nursing has offered the master's degree since 1976, and the Ph.D. program admitted its first students in 1985. Nursing programs are accredited by the National League for Nursing Accrediting Commission and the American College of Nurse-Midwives. In its continuing effort to accommodate the needs of the working student, the School of Nursing has developed three weekend programs: the baccalaureate nursing program for registered nurse students, the Master of Science in Nursing weekend program launched in Fall 2001, and the Doctor of Philosophy program. Students obtain clinical experiences in a variety of agencies throughout Miami-Dade, Broward, Palm Beach, and Monroe counties, including hospitals, elementary and secondary schools, primary health care centers, migrant camps, day-care centers, nurse-managed health centers, and health departments. The University of Miami chapter of Sigma Theta Tau, the International Honor Society of Nursing, invites qualified students to join the second largest nursing organization in the United States. Students are also encouraged to join the National Student Nurses Association and the Black Student Nurses Association, which are designed to perpetuate the ideals and aspirations of the nursing profession. The School is in the permitting phase for construction of a new state-of-the-art School of Nursing building, with ground breaking expected in Spring 2003.

*Rosenstiel School of Marine and Atmospheric Science:* The Rosenstiel School of Marine and Atmospheric Science is one of the top oceanographic research and education institutions in the nation. The marine laboratory was created in 1943, evolved into the Institute for Marine Science in 1961, and eight years later became the Rosenstiel School of Marine and Atmospheric Science within the University of Miami. The Virginia Key campus has grown to include modern research and teaching facilities, an excellent library, and a state-of-the-art catamaran research vessel, the F.G. Walton Smith. With a faculty of

over 100 Ph.D.'s, the school's experts cover virtually all fields of ocean and atmospheric science. Scientists and their graduate students at Rosenstiel study a wide range of important topics, many of which relate to the environment and humanity's growing influence on the natural world. They are at the forefront of research on subjects such as circulation in the atmosphere and ocean and how it influences the movement of pollutants and affects global warming, fisheries, coral reefs, sea level change, marine policy, and hurricane development.

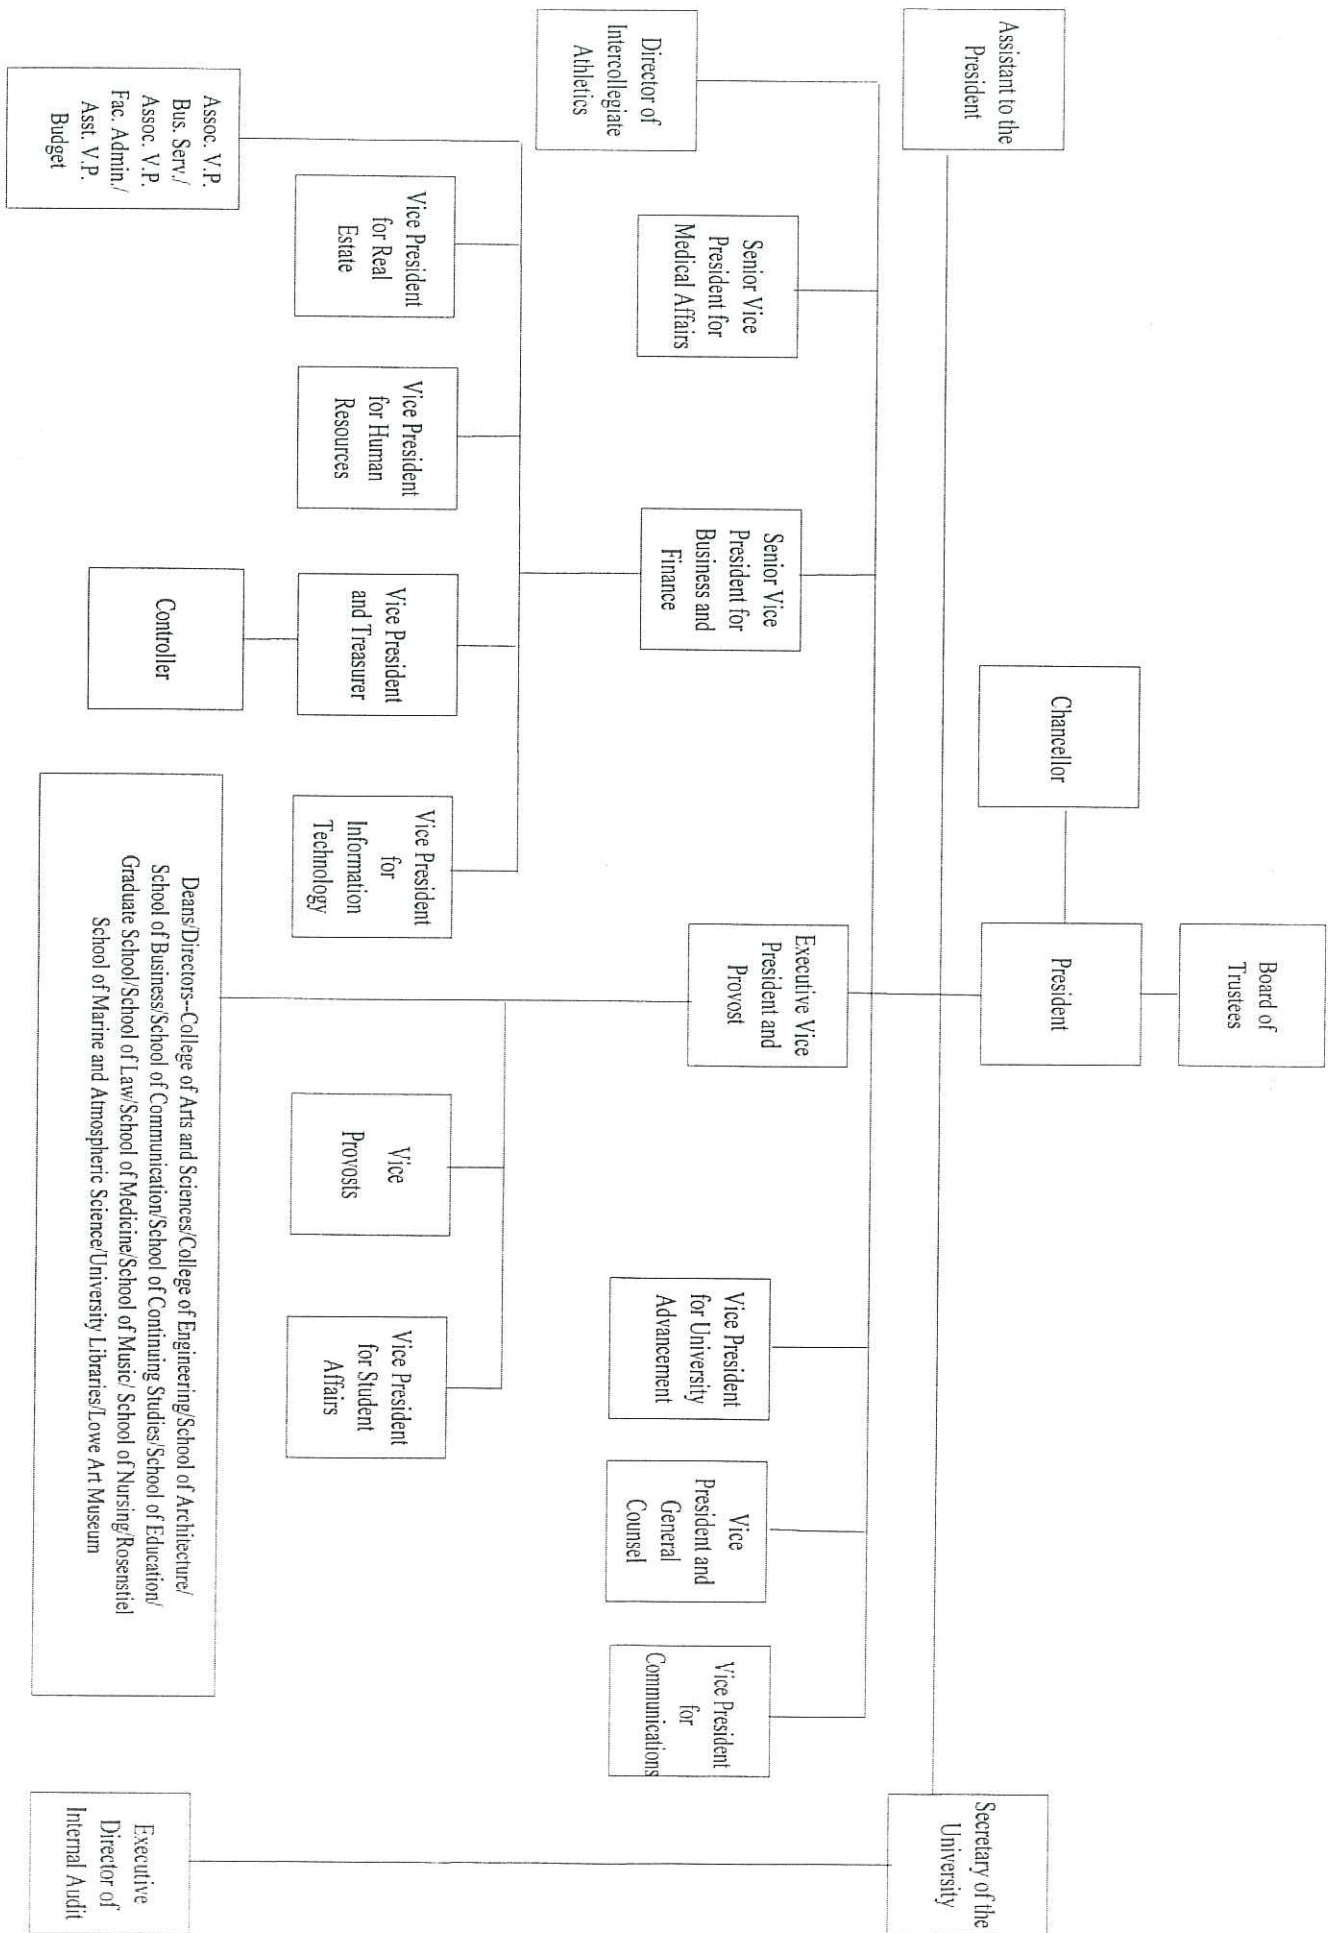

Through course work and research, students at the Rosenstiel School may obtain a Master of Science, Master of Arts, or Doctor of Philosophy degree. The School offers curricula in applied marine physics, marine affairs and policy, marine and atmospheric chemistry, marine biology and fisheries, marine geology and geophysics, and meteorology and physical oceanography. The division of marine affairs and policy at the Rosenstiel School and the University of Miami School of Law offer a joint degree in law and marine affairs. Upon completion of this program, a student earns a Juris Doctor degree from the School of Law and a Master of Arts degree in marine affairs and policy from the Rosenstiel School. The division of marine affairs and policy also offers a Master of Science degree with an integrated track in science and policy, offering students with a strong science background the opportunity to build careers in marine resource management. Interdisciplinary studies and learning are strongly encouraged.

The Rosenstiel School and the College of Arts of Sciences jointly offer a Bachelor of Arts degree in marine affairs and policy, Bachelor of Science degrees in marine science/biology, marine science/chemistry, marine science/geology, and marine science/physics, and a Bachelor of Science degree in meteorology. There are two options leading to a B.S. in meteorology: (1) double-major B.S. in meteorology and applied mathematics and; (2) a B.S. in meteorology with a minor in math and one additional minor selected from chemistry, physics, computer science, or biology. In addition to the traditional bachelor degree programs, the Rosenstiel School and the College of Arts of Sciences now offer a 5-year Bachelor of Arts/Master of Arts in marine affairs and policy and a 5-year Bachelor of Science/Master of Science in geological sciences/marine geology.

Cutting edge research and education at the Rosenstiel School is supported through grants from government agencies and private organizations as well as donations and innovative partnerships. Graduate students are an integral part of the research effort, and research programs, many of which are multidisciplinary in nature, provide a dynamic environment for collaboration among professors and students.

<b>Operating Expenses</b>	\$13,429,638	\$14,272,472	\$15,127,470	\$17,031,825	\$17,701,241	32%

*Note: Data are for all University libraries, including the libraries in the Schools of Architecture, Business, Law, Medicine, Music, and the Rosenstiel School of Marine and Atmospheric Science, and in the department of Mathematics. The Otto G. Richter Library (central facility) is a Federal Government Documents Depository.*

<sup>1</sup> *Current Serials do not include electronic journal titles.*

<sup>2</sup> *E-Books are electronic publications, including reference books, multi-volume sets, monographs and other non-serial books that are digitally converted for electronic distribution, primarily over the World Wide Web.*

<sup>3</sup> *E-journals are full-text serial publications either wholly received in electronic format or the electronic equivalent of the print version.*

<sup>4</sup> *E-Abstracts and Indexes are electronic services that contain bibliographic information and/or article abstract summaries, but do not include full-text material.*

<sup>5</sup> *E-Abstracts and Indexes with full-text are electronic services that contain bibliographic information and/or article abstracts combined with selective full-text material accessible within the service.*

Graduate	\$174	\$174	\$194	\$194	\$194	11%
Law (Day Program)	\$400	\$400	\$408	\$416	\$424	6%
Medicine (M.D. Program)	\$120	\$120	\$130	\$130	\$130	8%
<b>Basic Charges</b>						
Room (Double occupancy)	\$4,338	\$4,424	\$4,490	\$4,580	\$4,694	8%
Room (Single occupancy, standard)	\$5,666	\$5,836	\$5,952	\$6,102	\$6,286	11%
20-Meal Plan	\$3,268	\$3,358	\$3,444	\$3,368	\$3,368	3%
14-Meal Plan	\$3,046	\$3,154	\$3,258	\$3,222	\$3,222	6%
8-Meal Plan	\$2,674	\$2,756	\$2,836	\$2,796	\$2,796	5%
<b>Other Expenses</b>						
Personal Expenses, Books, and Supplies	\$1,740	\$1,790	\$1,824	\$1,850	\$1,890	14%
Average Travel Expenses	\$1,079	\$1,134	\$1,159	\$1,200	\$1,215	3%
<b>Total Undergraduate Budget</b>						
Tuition, Fees, Charges & Expenses <sup>2</sup>	\$30,849	\$32,060	\$33,445	\$34,645	\$35,977	17%

<sup>1</sup> *Mandatory fees for undergraduates include Student Activity (\$176.5), Athletic (\$49), and Wellness (\$206) fees. For full-time undergraduates, Health Center, Counseling Center, University Center, and all course-related fees are included in the tuition. Beginning in 1999-2000, a health insurance fee is automatically charged to all new students, but students with comparable insurance coverage may request a waiver. The health insurance fee for 2002-03 is \$715.*

<sup>2</sup> *Room and board charges for total undergraduate budget are based on double occupancy in the residential college and the 20-meal plan.*
